

## Drinking Fountain With Shroud And WRAS Approved Tap

Product Code: DFWHS-WRAS

### WRAS Compliant Shrouded Drinking Water Fountains

Product Code DFWHS-WRAS

The stainless steel shrouded drinking fountains are supplied complete with a WRAS approved drinking water bubbler. The tap has been tested and approved by the Water Research Advisory Scheme (WRAS), this ensures the tap complies with the Water Supply (Water Fittings) Regulations and Scottish Byelaws.

The WRAS approved bubbler tap is located to ensure ease of access by the user, and has a timed flow valve which automatically turns off after use to prevent water waste.

The shrouded drinking water fountains are manufactured from grade 304 stainless steel with a thickness of 1.6mm to ensure they are very robust and vandal resistant, the half height shroud conceals the pipework and has a removable access panel underneath.

Rounded front safety edges help to prevent accidental injury, whilst the smooth finish aids cleaning and hygiene. The small design footprint aids location choice and makes installation easier.

### Dimensions & Specifications:

Width: 305mm.

Depth: 350mm from wall.

Height: 245mm high plus 75mm rear upstand.

Material: 1.6mm thick - Stainless steel - grade 304.
