

Floorstanding Adult Drinking Fountain

Product Code: FSDF-A

Full Height Drinking Fountain

Product Code FSDF-A

These floor standing adult height drinking water fountains are sat on the floor and fixed to the wall. Supplied complete with a WRAS approved drinking water tap. The floor standing design helps make the unit vandal resistant whilst concealing the waste and water supply pipework, providing a neat safe installation.

The water bubbler tap has been tested and approved by the Water Research Advisory Scheme to ensure it complies with the Water Supply (Water Fittings) Regulations or Scottish Byelaws. The press button time flow bubbler tap is located away from the back wall making it easier for the user to bend down to drink. The self closing valve helps prevent water wastage.

The rounded front design helps prevent injury from sharp corners.

Manufactured from 1.2mm thick grade 304 stainless steel with a full height shroud the drinking fountain is very robust and resistant to vandalism. The fixed shroud conceals the waste and supply pipework for extra vandal resistance.
